

Project Design Phase-II

Data Flow Diagram

Date	15 October 2022
Team ID	IBM-Project-32875-1660212782
Project Name	Smart Solutions for Railway

Data Flow Diagrams:-

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories

Use the below template to list all the user stories for the product

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Passenger (Mobile user)	Registration	USN-1	As a passenger, I can book my ticket through the application or in direct way at the station so that I can be able to travel in the train.	I can access my account / dashboard	High	Sprint-1
